Navajo County Public Works Department
Planning and Zoning
100 E. Carter Drive
Holbrook, Arizona 86025

Attn: Greg Loper

Subject: F Bar Energy Project

NZ Legacy (NZ Silver Creek, LLC) hereby requests an Amendment to our Special Use Permit Application for the F Bar Energy Project to allow the placement of four (4) Meteorological testing towers (Met towers) at the locations identified on the attached maps. Each Met tower will be sited within 500 feet of the indicated location but in no instance will they be located within the identified 1000 foot setbacks. It is anticipated that these towers will be placed within 3 months of approval and only after Building Permits are obtained from Navajo County. This requested Amendment is for Met towers only and it is anticipated that at a later date an Amendment will be requested for Solar applications and then after receipt of sufficient wind data from the Met towers that an Amendment will be requested for Wind Turbines.

The Met towers will be located in portions of APN's 202-27-003l, 202-27-003j, and 202-50-012. The Lat/Longs are listed on the Conceptual Site Plan.

Sincerely,

Rulon Anderson

Conceptual Site Plan

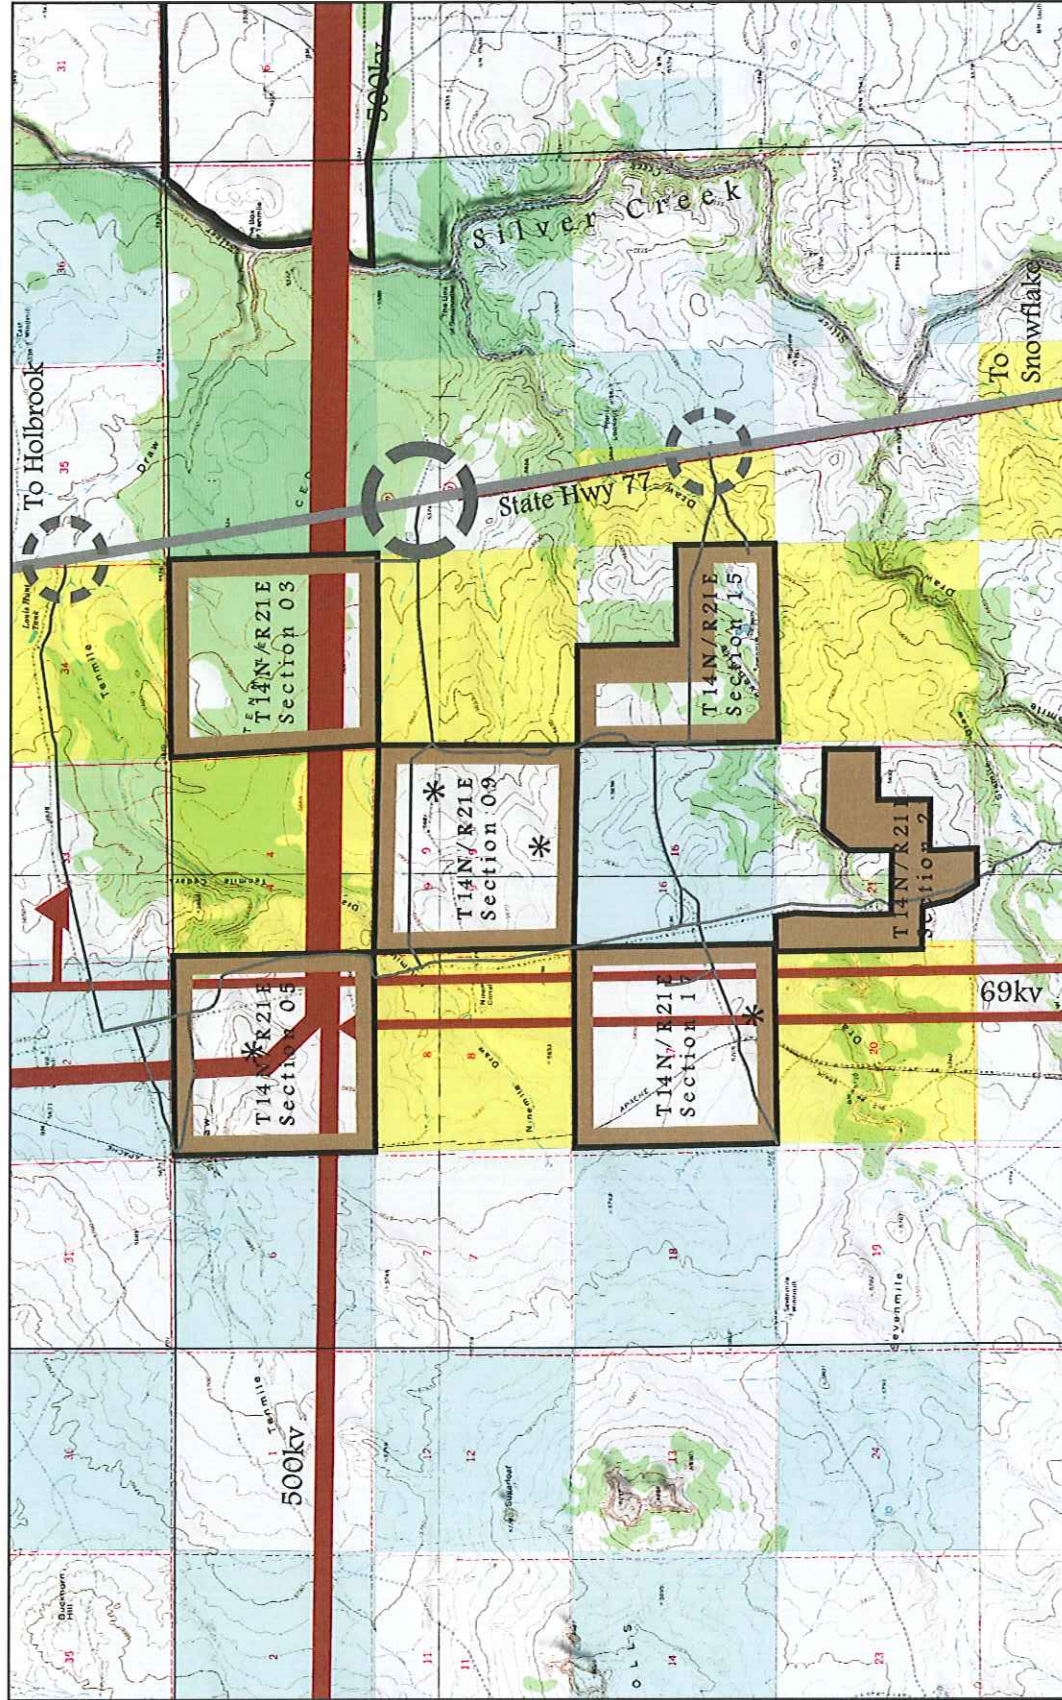

Met Tower located in APN:
202-27-0031
202-27-003j
202-50-012

Met Towers Lat / Long:
34.6389484 / -110.140872
34.62575 / -110.1182
34.6180219 / -110.1230125
34.602444 / -110.1377864

Met. Tower locations may differ for landforms, soils, and wind resource efficiency. Eight (8) foot fence may surround towers and may be used to restrict Access Points. Mass grading may be required for installation of infrastructure. Service Access may be uphill, decomposed granite, earth, or gravel. Other materials may be approved by the County.
